Virtual Town Hall Set for October 22

Web Event Slated to Address Industry Questions

October 15, 2009, Alexandria, VA. – National Credit Union Administration Chairman Debbie Matz will host a Town Hall Webinar Thursday, October 22 at 3 p.m. The session is free and open to all interested parties.

“I urge everyone in the credit union community who was unable to attend a Town Hall meeting in-person to participate in next week’s virtual Town Hall,” Chairman Debbie Matz said. “The three recent Town Halls attracted large audiences and yielded constructive discussions. In an effort to elicit as much input as possible, I am pleased to now offer this additional opportunity. I am confident that the October 22 webinar will expand the dialogue at a time when critical issues deserve full and open examination by all credit union stakeholders.”

The 90-minute virtual Town Hall will feature detailed discussions of the proposed reforms to the corporate credit union regulation and other relevant topics. Participants will be able to submit questions online during the web event.

In order to provide as much information as possible in advance, a video of NCUA staff presentations from the October 5 San Diego Town Hall is available at:

The National Credit Union Administration is the independent federal agency that regulates charters and supervises federal credit unions. NCUA, with the backing of the full faith and credit of the U.S. government, also operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of nearly 90 million account holders in all federal credit unions and the majority of state-chartered credit unions.
