### Fryzel Speaks to Arizona Credit Union League Chapter

October 19, 2009, Phoenix, AZ. – NCUA Board Member Michael E. Fryzel spoke at the Valley of the Sun Chapter of the Arizona Credit Union League’s dinner celebrating International Credit Union Day in Phoenix, AZ.

“It was an honor to attend the celebration of this very important day for credit unions,” Fryzel stated. “The credit unions in Arizona, like those all over the United States, are involved in projects that go to their core mission of people helping people. Since the day they were founded, credit unions have been there for their members and the communities they serve.”

Fryzel urged the credit union officials to tell their countless stories every opportunity they have. “There are too many good things that credit unions are doing that everyone should be aware of. Credit unions provide scholarships, support community events, hold fundraisers to support the needs of our troops in Iraq and Afghanistan and go the extra mile to help their members, in addition to the personal financial services they provide. They truly exemplify the credit union philosophy of people helping people,” Fryzel concluded.

The Valley of the Sun Chapter of the Arizona Credit Union League is affiliated with the Credit Union National Association and works to promote political advocacy, increase chapter awareness within the credit union community, encourage networking among its membership, and engage in community outreach.

*The National Credit Union Administration is the independent federal agency that regulates charters and supervises federal credit unions. NCUA, with the backing of the full faith and credit of the U.S. government, also operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of nearly 90 million account holders in all federal credit unions and the majority of state-chartered credit unions.*
