NCUA Unveils “Your Money Is Safe” Video

First NCUA Consumer Report on YouTube Focuses on Share Insurance Coverage

ALEXANDRIA, Va. (Jan.9, 2013) – The National Credit Union Administration (NCUA) today released a new, free consumer video, *Your Money Is Safe*, on the agency’s official [YouTube channel](#).

“At NCUA we’re using a variety of channels to communicate to consumers that their savings are insured up to \$250,000 – just like at banks,” said NCUA Board Chairman Debbie Matz. “This first Consumer Protection Report reminds consumers their money is safe in federally insured credit unions.”

Your Money Is Safe is the first in a series of NCUA Consumer Reports designed to empower consumers to make better financial decisions. Future NCUA Consumer Reports will cover topics like improving financial planning, resolving complaints at credit unions, and avoiding frauds and scams.

The new video explains how the National Credit Union Share Insurance Fund protects deposits. The segment also educates consumers about:

- visiting [NCUA’s Share Insurance Fund](#) resource page;
- identifying a [federally insured credit union](#); and
- using NCUA’s online [E-Calculator](#) to maximize insurance coverage.

You can watch *Your Money Is Safe* [here](#).

NCUA is the independent federal agency created by the U.S. Congress to regulate, charter and supervise federal credit unions. With the backing of the full faith and credit of the U.S. Government, NCUA operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of nearly 94 million account holders in all federal credit unions and the overwhelming majority of state-chartered credit unions.
