Subject: prepaid assessments
Date: Monday, June 20, 2011 1:44:36 PM

I think credit unions should be allowed to prepay as much as they want in order to level out expenses related to stabilization. I also think that if prepayment is not required of all credit unions, then some sort of dividend should be paid on the prepaid deposits. Otherwise, non-participating credit unions are receiving the same benefits as those who are prepaying.

Stacy A. Tallent, President
Health Center Credit Union
Georgia Health Sciences University
Augusta, GA

On February 1st, MCG became Georgia Health Sciences University. My email address has also changed to the format "@georgiahealth.edu". Please update your address book to reflect this change.
