Re: Proposed Interagency Policies statement establishing Joint Standards for assessing the diversity policies and practices of regulated entities.

To Whom it may concern:

We are a small credit union of three full time and one part time employee. It is very difficult to achieve a diverse staff.

We are requesting that NCUA exempt credit unions with less than 100 employees from diversity reporting requirements.

It would be so difficult to try and measure the diversity of each supplier and/or contractor.

This could place significant burdens on credit union's while providing limited useful information.

We want you to know credit union's support diversity, we cannot support the proposal as drafted because the proposal does not take into consideration the unique aspects of credit unions.

Have a blessed day,
