Dear Ladies & Gentlemen:

I am the manager for Natural State Federal Credit Union. We are a small, \$5 million dollar credit union and function with only 3 employees. While I am not opposed to diversity in the workplace, I am opposed to having another regulatory burden that may require additional people, time and expense to our credit union. As you can imagine, with only 3 employees it is very difficult to achieve a diverse staff. Furthermore, in view of existing anti-discrimination statues in place at the Federal and State level, it seems redundant. I feel that this could easily be included in the Credit Union Policy if the Board of Directors should choose to do so. Therefore; I am requesting that you exempt all credit union with less than 100 employees.

Laura Prejean, Manager
Natural State Federal Credit Union
Searcy, Arkansas
