Dear Secretary of the Board Poliquin,

As an employee of Oregon State Credit Union, I understand the positive economic impact, of having a not-for-profit cooperative choice for their financial needs, has on our members.

I appreciate the National Credit Union Administration's proposed Field of Membership policy modifications which will give more people the opportunity to join a credit union, reaping the benefits of joining this cooperative movement.

Everyone should have access to affordable financial services, and this is a progressive step in the right direction!

Thank you in advance for your support.

Sincerely,

Kate Wasechek
