Subject: Comments on Proposed Rule, Appendix B of Part 701 - Chartering and Fields of Membership

Dear Secretary of the Board Poliquin,

I support NCUA's proposed rule changes regarding field of membership, which will help credit unions remain strong and vibrant in our community. This proposed regulation, along with NCUA's proposed member business lending rule, are welcome regulatory relief for credit unions. These proposals will help credit unions meet the needs in their communities, which includes giving consumers and small businesses access to credit that would not otherwise be available.

I appreciate what you are doing to help consumers and small businesses have more access to credit. Taking restrictions out of regulation and putting decisions in the hands of the credit unions will help communities. I encourage you to finalize your proposal as soon as possible.

Sincerely,

Christopher Roe
