Dear Secretary of the Board Poliquin,

As a hard working CU Member, employee and American, I appreciate the ability to park my money in the financial institution I deem most appropriate for me and my family. This gets old each year these attacks and challenges from the Bankers, when we only have 3% of the financial business. If they would do a better job in serving there customers they would not have a thing to worry about and just leave us alone. Take the money for hiring high priced attorneys to fight us over something this stupid and donate it to our service men and women who risk their lives each day for us by supporting our veterans Therefore, I support the changes contemplated by the National Credit Union Administration (NCUA) that are intended to ensure consumers have adequate choice when determining which credit union to become a member of. Freedom of choice is what America is all about and many have given their lives for that freedom.

I strongly urge the NCUA to finalize their proposed changes and make the marketplace equitable for all consumers in this country.

Sincerely,

Allen E. Riley
