RE: Notice of Proposed Rulemaking Regarding Associational Common Bond

Dear Mr. Poliquin,

I, on behalf of Northern Tier Federal Credit Union, appreciate the opportunity to provide comment to the National Credit Union Administration (NCUA) with regard to the proposed amendments to the Chartering and Field of Membership Manual regarding Associational Common Bond.

Northern Tier FCU serves over 12,000 members from our 5 offices and through remote access channels; we are diverse in our membership as we serve active duty and retired military members as well as rural agricultural members in North Central North Dakota. I applaud the NCUA for taking such positive steps to reduce the unnecessary regulatory burden. I fully support the NCUA's proposed rule to amend the Chartering and Field of Membership Manual.

Despite what others in the financial industry may argue, our credit union continues to operate for the same purpose and upon the same beliefs as those credit unions did when the Federal Credit Union Act was signed into law, namely, "This credit union is a member-owned, democratically operated, not-for-profit organization managed by a volunteer board of directors, with the specified mission of meeting the credit and savings needs of consumers, especially persons of modest means. The purpose of this credit union is to promote thrift among its members by affording them an opportunity to accumulate their savings and to create for them a source of credit for provident or productive purposes."

I believe that everyone should have the opportunity to be a member-owner of a credit union. This proposed rule will maximize access by removing undue burdens and restrictions on a Federal Credit Union's ability to provide services to consumers who are eligible for FCU membership,

particularly those of modest means and those who may not currently be members of a credit union.

One of Northern Tier's offices is near the edge of our service area and therefore we have to determine where the member lives to determine eligibility. With this proposed change in Chartering and Field of Membership we would be able to add areas so that office could serve the entire business community and not just the ones that live on the right side of the area.

Thank you for this opportunity to share our comments and concerns.

Sincerely,

*Darrell Roos*
