Subject: Comments on Proposed Rule, Appendix B of Part 701, Chartering and Fields of Membership
Date: Friday, February 05, 2016 8:20:08 AM

Dear Board Secretary Polquin,

As President/CEO of Martin Federal Credit Union in Orlando, Florida, I waive in support of the proposed National Credit Union Administration (NCUA) field of membership proposal.

Every American should have easy access to a credit union for financial services. As a member/owner I feel that my credit union always represents my best interests. The credit union has many programs in place to meet my banking needs and offers many programs for others in my community. Unfortunately, my credit union is only open to a very limited number of people in my community. I support any new regulation that can make my credit union available to more people, as it is the best place in my area to for banking services.

Please pass the proposed rule as soon as possible so that more people can join credit unions.

These common sense enhancements will allow credit unions to expand products and service that will only enhance the financial well-being of consumers.

Sincerely,

Dan E. Kelley
