Dear Secretary of the Board Poliquin,

I support the National Credit Union Administration's proposed field of membership rule. I think that more Americans should have access to credit unions because credit unions operate for the benefit of member owners and not shareholders. As a credit union member, I know that my credit union is always looking out for my best interests while offering me all of the banking services that I need.

Let's give people more choices in making decisions about personal banking and not let corporations defeat a proposal because it doesn't suit their interests.

Please implement this field of membership as soon as possible.

Sincerely,

Julie McKemy
