Subject: Comments on Proposed Rule Chartering and Fields of Membershi
Date: Friday, February 05, 2016 11:10:08 AM

Dear Secretary of the Board Poliquin,

I work with state and federally-chartered credit unions every day, and see firsthand the good things they do in their communities. In fact, I have accounts at two Missouri credit unions and have benefited from these memberships for over 30 years. While Missouri has more state-chartered credit unions than federally-chartered credit unions, and this proposal would only affect federally-chartered credit unions, it is a good idea. Efforts to allow more consumers the option of joining a credit union is a positive step forward.

I support the National Credit Union Administration's proposed field of membership rule. I think that more American's should have access to credit unions because credit unions operate for the benefit of member owners and not shareholders. As a credit union member, I know that my credit union is always looking out for my best interests while offering me all of the banking services that I need.

Please implement this field of membership as soon as possible.

Sincerely,

Barbara Stanek
