Dear Secretary of the Board Poliquin,

Greetings. I'm Mr. Carter of Flint, MI, 48503. Please send me a reply to this message. Thanks.

I understand that the National Credit Union Administration is considering a proposal that would allow credit unions to serve more members. Well done! It's long past time for Washington to get out of the way and let credit unions serve Americans. Please finish your work as soon as possible so that more people can join credit unions!

And don't listen to the profit hungry big banks that don't want consumers to have access to credit unions. More consumers need diversity in the marketplace, so they can make the best choice for their household and economic health. Thank you for providing this choice for consumers!

Also do what you can to restore and enforce anti-sodomy and anti-abortion laws, and to restore teacher led KJV Bible reading and prayer in Jesus' Name to public schools and universities.

Do what you can also to stop democrats from being socialists and communists, and to do what you can to restore democrats to be patriotic Americans who love God and country, who promote the free enterprise system, and who do what you can to restore America to being the Christian republic she started out being. All in Jesus' precious Name and for His sake.

Sincerely,

George Carter
