Re: Field of Membership

Dear Mr. Poliquin,

Thank you for the opportunity to comment on this important issue. We applaud NCUA for recognizing the dated nature of the agency's field of membership requirements and seeking the opportunity to modernize it. Innovation and courage are needed from NCUA to change field of membership rules to ensure the federal charter remains viable for years to come.

Schofield Federal Credit Union is a small credit union under \$35 million and we appreciate the proposed changes. We don't intend to make changes to our field of membership but see value in the expansion, should we consider different ways to grow in the future. Consumers deserve choice on where they obtain financial services and we want to continue to be part of that choice. The proposed rule would provide federal credit unions the opportunity to diversify their field of membership, as opposed to functioning within its current limitations.

The proposal you are considering is a step in the right direction toward making sure credit unions can fully serve their communities for future generations.

Thank you for the opportunity to hear our thoughts,
