Dear Chairman Matz and Members of the NCUA Board:

I've been a credit union member since 1974. I am also a former bank executive. Having served in both industries, I am certain the credit union difference offers better opportunities, better products and better service than its alternative. I appreciate the opportunity to place my hard-earned money with the financial institution I see as the better choice. The changes contemplated by the National Credit Union Administration (NCUA) that are intended to ensure consumers have adequate choice when determining which credit union to become a member of has my wholehearted support.

I strongly urge the NCUA to finalize their proposed changes and make the marketplace equitable for all consumers in this country.
