Dear Secretary of the Board Poliquin,

I understand that the National Credit Union Administration is considering a proposal that would allow credit unions to do more lending to small businesses. Well done! It's long past time for Washington to let credit unions serve their members needs. Please finish your work as soon as possible so that credit unions can continue to support our country's recovery by making sound business loans to local community businesses whose needs are unmet by large national banks. As a commercial banker/lender for more than 20 years I've banked numerous small businesses safely and soundly. Knowledgeable commercial lending staff aren't just at banks anymore, many have shifted to credit unions who still value the knowledge and expertise they can offer to their business members to help take them to the next level. I applaud your efforts!

Sincerely,
