Comment: NCUA Board;

Thank you for making this critical proposal that would allow access to many more Americans. In particular, thank you for proposing:
An increase to 10 million the 2.5 million person limit which currently applies to community charters consisting of a combined statistical area;
Creation of a streamlined narrative approach that credit unions could utilize to establish a well defined community of interest;
Allowing a credit union to designate a portion of a metropolitan division as a community without regard to division or boundaries.
