Comment: Good Afternoon,  
Thank you for issuing this proposal on Field Of Membership.

I have been a credit union member for 17 years in the Northwest region (Washington & Oregon) and a Manager at Mid Oregon Credit Union in Bend, Oregon for 6 years.

The Northwest area, including Central Oregon, continues to be an attractive location for new residents. As our growth in the community continues to expand, the opportunity to help members in our community becomes more important.

I would appreciate your consideration and support for the following:

- Increase to 10 million the 2.5 million person limit which currently applies to community charters consisting of a combined statistical area;
- Create a streamlined narrative approach that credit unions could utilize to establish a well defined community of interest;
- Allow a credit union to designate a portion of a metropolitan division as a community without regard to division or boundaries.

Thank you for your support.

Sincerely,  
Jade A. Sullivan  
Administrative Services Manager & Credit Union Advocate
