Re: Supervisory Committee Members Attending Board Meetings
(Your February 7, 1996, Letter)

Dear Mr. Berg:

You have asked whether a federal credit union's board of directors can exclude members of the supervisory committee from regular monthly board meetings or executive sessions of a regular board meeting. It is up to the board of directors of the FCU to determine whether or not supervisory committee members may attend a regular board meeting or executive session. Enclosed is a March 17, 1993, letter from this office to Plains Bell FCU addressing this issue.

Sincerely,

Richard S. Schulman
Associate General Counsel
