Patricia A. Hain, President/CEO  
Lebanon Federal Credit Union  
300 Schneider Drive  
Lebanon, PA 17046

Dear Ms. Hain:

We have approved your request for a community charter conversion to serve persons who live, work (or regularly conduct business in), worship, or attend school in, and businesses and other legal entities located in Lebanon County, Pennsylvania.

**The enclosed amendment is approved in advance and need only be adopted by your board of directors in accordance with Article XVII, Section 1 of the revised Federal Credit Union Bylaws effective October 14, 1999.**

NCUA will generally permit federal credit unions serving occupational and associational groups to overlap community charters. Therefore, conversion of your field of membership does not protect your credit union from overlaps by credit unions desiring to serve select employee or associational groups in the area. Additionally, approval to serve this community does not preclude any other credit union from gaining approval to serve the same community.

If you have any questions, please contact Insurance Analyst Kerry Murphy at (703) 519-4619.

Sincerely,

Handwritten signature of Edward P. Dupcak, dated 2/3/04.

**1. GENERAL BACKGROUND**

Lebanon Federal Credit Union (LFCU) was chartered in 1969 to serve various select employee groups in Lebanon County, Pennsylvania. Since then, the credit union has expanded its charter to include approximately 270 select groups.

The credit union's board and management desire a conversion to a community credit union serving Lebanon County, Pennsylvania, in an effort to ensure the growth and success of their credit union. The officials believe the community charter will assist in offering low-cost and fee-free financial services to all of Lebanon County, PA, while

(b)(4)

**A. Proposal**

The credit union would like to serve persons who live, work (or regularly conduct business in), worship, or attend school in, and businesses and other legal entities located in Lebanon County, Pennsylvania. Members 1<sup>st</sup> FCU currently serves this area.

**B. Delegated Authority**

Lebanon County has a population of 120,327 per 2000 U.S. Census data. Under CHA 3A of NCUA's Delegated Authority, the regional director may approve this community conversion application since the proposed community is recognized as a single political jurisdiction.

**C. Select Groups Outside Community**

The credit union does not have any groups located outside the proposed area.

## **2. WELL DEFINED AREA THAT IS A LOCAL COMMUNITY, NEIGHBORHOOD, OR RURAL DISTRICT**

### **A. Geographic Boundaries**

The proposal includes a Lebanon County map disclosing the proposed community's boundaries, geographic characteristics, the credit union's existing two office locations (blue dots), and network non-surcharge ATMs (red dots). The community's geographic boundaries are formed by the Lebanon County Lines in Pennsylvania. These boundaries sufficiently meet our requirement for the boundaries to be fixed and clearly defined as prescribed in Chapter 2, Sections V.A.1 and V. A. 2, the Chartering and Field of Membership Manual.

### **B. Evidence of Resident Interaction and/or Common Interests in the Local Community**

Lebanon County is presumed to be a well defined local community since it is recognized as a single political jurisdiction as prescribed in Chapter 2, Section V.A.2 of the Chartering and Field of Membership Manual (IRPS 03-1).

## **3. LOW-INCOME ANALYSIS**

Based on 2000 census data, Lebanon County has a median household income of \$40,838. This median household income is greater than NCUA's 2000 median household income standard of \$34,629. Thus, the proposed community does not qualify for a low-income designation.

## **4. BUSINESS PLAN**

The business plan reveals the following information:

### **A. Facilities**

Lebanon FCU operates two full-service facilities in the community. Its main office is located at 300 Schneider Drive in Lebanon City. The second office facility is located at 301 East Evergreen Road in South Lebanon Township. Both facilities include a full-service interior office, extended hours, and drive-thru ATM service. LFCU also has 15 ATMs located throughout Lebanon County. The credit union also participates in the CU\$ Network to provide members surcharge-free access ATMs throughout Pennsylvania.

The furthest distance in Lebanon County to one of the existing office facilities is approximately 16 miles, which is a 15 minute commute for the residents of the proposed community. The majority of the residents (52%), reside in Lebanon City, where the credit union's office is located. In addition, due to the rural nature of the proposed community, residents are accustomed to traveling some distance to work, shop, and for entertainment. Lebanon City is the major trade area for the county and is the home to the one major shopping mall in the county where residents go to shop.

(b)(4),(b)(8)

### C. Current and Proposed Products and Services

Lebanon FCU has a comprehensive package of services, as shown below.

<i>Accounts</i>	<i>Loans</i>	<i>Services</i>
➤ regular savings	➤ personal/signature	➤ debit/check cards
➤ share drafts	➤ new and used automobiles	➤ money orders
➤ christmas & vacation clubs	➤ 1 <sup>st</sup> Mortgages/Home equity	➤ traveler's/certified checks
➤ individual retirement accounts	➤ credit cards	➤ wire transfers
➤ share certificates	➤ overdraft protection	➤ safe deposit boxes
➤ money market accounts	➤ visa	➤ business products

In addition, the credit union offers members a variety of electronic delivery services to enable members to assess their accounts remotely, including a transactional website, Internet banking with bill payer service, e-statements, 24-hour loan by phone service, an audio response system, direct deposit, and ATMs. LFCU also offers a risk-based lending and indirect lending program as well as business loan products and services.

LFCU also currently serves an underserved area within the community offering low-cost products and services. These products and services are adequate to serve the community members' financial needs.

### D. Marketing Plan

The proposal states the credit union will continue an aggressive marketing plan and implement new strategies to gain market share in their respective market. LFCU already advertises utilizing local newspapers, radio, and television stations, as well as a

## 5. CREDIT UNION'S FINANCIAL CONDITION

### A. Current Examination

At the most recent examination effective June 30, 2003, LFCU was assigned a CAMEL

(b)(8)

### B. Financial Condition

LFCU's key ratios and financial trends are shown on the chart below.

KEY RATIOS	12/31/00	12/31/01	12/31/02	12/31/03
Net Worth	7.78%	7.76%	8.05%	8.23%
Delinquency	0.99%	0.62%	1.07%	1.04%
Net C/Os	0.33%	0.54%	0.38%	0.61%
Return on Assets	1.10%	0.77%	1.19%	1.23%
Loans/Shares	88.79%	76.81%	72.86%	71.54%

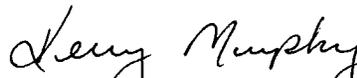

Year-to-date financial data indicates the net worth continues to improve while delinquency and charge offs remain relatively stable and earnings are solid. LFCU is a well-capitalized financial institution able to handle the expansion of a community charter.

## 6. FIELD RECOMMENDATION

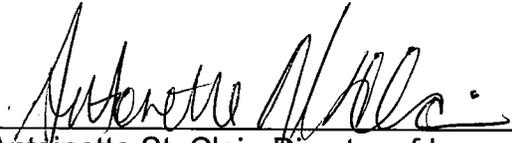

Acting SE Kockendarfer and EX Bomer recommend approval.

## 7. REGIONAL RECOMMENDATION

Recommend approval of LFCU's request to convert to a community charter serving Lebanon County, Pennsylvania. The area is presumed to be a well defined local community since it is a single political jurisdiction. The credit union submitted an adequate business plan showing how it can effectively handle the conversion.

RE: Field of membership expansion

Lebanon Federal Credit Union is submitting this letter to discuss the impact for our SEG's in our proposed community. As mentioned in our business plan we serve over 270 employer groups in Lebanon County, Pennsylvania, but all of our group's main office and payroll locations are in Lebanon County. Our expansion to a community charter does not impact any of our groups. All businesses, churches and organizations affiliated in our FOM will be able to continue their relationship with LFCU.

If you require any additional information, please call me at 717-272-2210 extension 110, or you can email me at [patlebanon@msn.com](mailto:patlebanon@msn.com). Thank you for your consideration in this matter.

Sincerely,

### Shared Common Interest and Lifestyles of Lebanon County

---

Lebanon County is a small rural community with plenty of shared common interest; including lifestyle, buying, media, socioeconomic and behavior characteristics. Our employers benefit from an excellent work ethic, high productivity and above average job skills. Manufacturing continues to be an important part of our economy. However, the County is diversifying, seeing new ground in technology-based businesses, research and development, printing and pharmaceutical operations, warehousing, distribution and services.

Lebanon County, Pennsylvania is almost equal distance from New York City, Philadelphia, Baltimore and Washington, D.C. An excellent transportation system and low land prices make Lebanon County an attractive place to live, work and play.

Lebanon County residents travel on average 15-20 minutes to work, 10 minutes to church and other social events, 10 minutes to shop, and 10-15 minutes for services. We have many shared travel reasons where people who live on the east travel west and vice versa. The main reasons would be our populations percentages are about equally disbursed around our county; we share one major shopping mall, Movie Theater, and hospital. Most of the big businesses are in Lebanon City; MalMart, Lowes, Home Depot, Giant Foods, Weis Markets, Ruby Tuesday, etc.

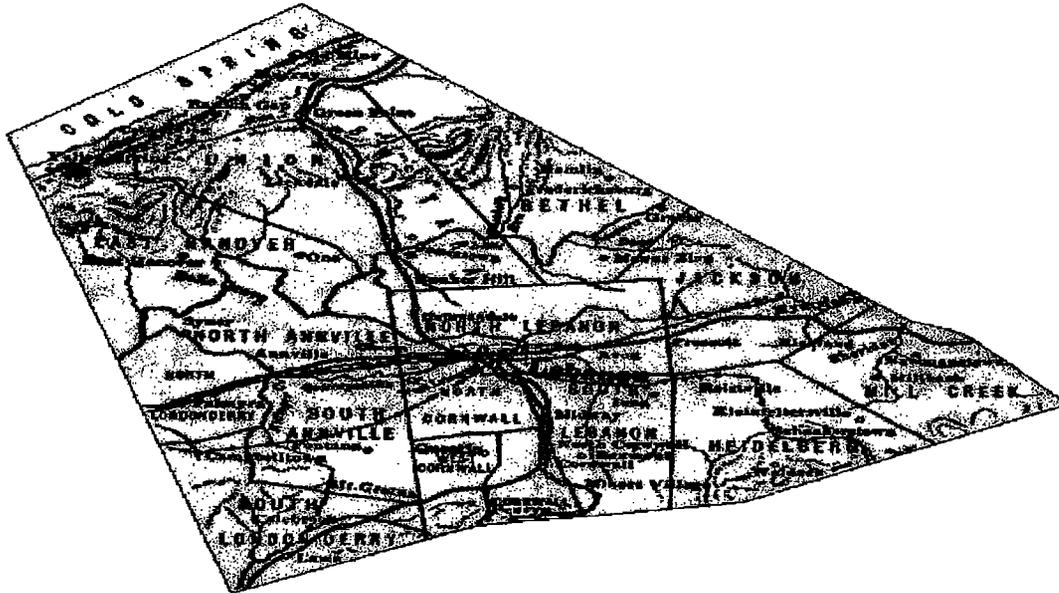

All of these businesses, along with all major employer groups of Lebanon County, are within 15 minutes travel time our Lebanon Federal Credit Union's offices. We have 3 elected County Commissioners who run our local government, and have 6 public school districts all with shared common denominators.

Lebanon Federal Credit Union has been servicing Lebanon County residents since 1969. Our 2 office locations are within 15 minutes travel time from anywhere in Lebanon County. This makes us more than accessible for our community. Our proposed expansion of branches will be in the west and east ends of our county. This will make travel times decrease and will increase our availability to maintain a profitable market share.

We believe that Lebanon County is unique. We have experienced rapid growth all while maintaining our culture grounded in values. Lebanon Federal Credit Union is conscious of our community needs and we continue to strive to meet or exceed those expectations.

## ACKNOWLEDGEMENT

---

The South Central Region Drive Shed Study Report is the product of the Retail Committee of the South Central Assembly for Effective Governance. Chaired by Cumberland County Housing and Redevelopment Authority Executive Director Chris Gulotta, the Committee consists of dedicated professionals in the economic development, housing and redevelopment fields in the region.

The Report combines demographic and consumer expenditure data from 12 communities in the region into one volume. Each individual report contains a table of contents, a map illustrating the four drive shed polygons, tables of demographic and consumer expenditure data by drive shed, and executive summaries describing the data in narrative format.

A community may use its Drive Shed Report as a marketing tool, as well as a planning tool. Additionally, further analysis may be conducted using the data and GIS maps created in this project. Each community received multiple color copies of their report as well as the raw data in Microsoft Excel spreadsheets, a digital version of their report in Microsoft Word—for future use in marketing or other documents—and a portable and Internet-sharable digital version of their report in .pdf format. Communities also received their ArcGIS files including pre-formatted 5-, 10-, 15-, and 20-minute drive shed layouts with which to populate with any combination of demographic or consumer expenditure data. This will enable communities to conduct queries of their data, or share it with GIS mapping service bureaus.

We believe that South Central Pennsylvania is unique in northeastern United States. We are a rapidly growing region, which enjoys excellent ground transportation systems along with growing multi-modal transportation capacity. Unlike our neighbors in New York, Maryland and Virginia, we can and do drive much further than those neighbors. We believe that this Report provides an accurate picture of potential retail trade to our downtowns given various drive times of five, ten, fifteen and twenty minutes; and that national retailers will be surprised by their potential market. Perhaps even more importantly, we have been told by commercial real estate brokers that a regional marketing plan and data bank would be a valuable tool to lure retailers—both national and regional.

We would like to thank the Department of Community and Economic Development for its support of this study, as well as the communities of Carlisle Borough, Chambersburg Borough, Elizabethtown Borough, Ephrata Borough, Gettysburg Borough, Hanover Borough, City of Harrisburg, City of Lancaster, City of Lebanon, Newport Borough, Shippensburg Borough and City of York for their contribution to this study. We would also like to graciously thank the Pennsylvania Downtown Center for its generous contribution of time and valuable consumer expenditure data.

I would finally like to acknowledge Regional Planner Gwenn Miller and Administrative Assistant Kari Reagan for their work.

W. Craig Zumbrun  
Executive Director

## *A Great Place to Live*

First settled in 1723, Lebanon County was created by an Act of Assembly in 1813 from portions of Dauphin and Lancaster Counties. The original German settlers tilled the valley's fertile soil, creating an economic base that continues today and blends with the residential, commercial and industrial development presently occurring. Also reflective of Lebanon County's "Pennsylvania Dutch" heritage are its pastoral landscape, attractive farms and outstanding dairy and pork products, especially Lebanon Bologna. Lebanon County also is blessed with an abundance of open space and conservation lands that provide numerous recreational opportunities.

Located in south central Pennsylvania, approximately 25 miles east of the state capital (Harrisburg), Lebanon County is a 5th class county with a total land area of 362.9 square miles. Average annual temperature is 50 degrees and average precipitation is almost 36 inches. The following demographic information further describes Lebanon County:

- 1990 Census of population..... 113,774
- 2000 Census of population..... 120,327
- 2000 Census No. of housing units 49,320
- 26 Municipalities - 7 Boroughs

**About LVEDC**

**About Lebanon County**

Lebanon County was first settled by German and Scotch-Iris who soon discovered that the County not only had excellent soil, but it was also home to iron ore and building stone. Descendants of these hard-working individuals, as well as Am Mennonite peoples, still populate the area today. Employers benefit from their excellent work ethic, high productivity and job skills. Manufacturing continues to be an important part of economy. However, the County is diversifying, seeing new technology-based business, research and development, pharmaceutical operations, warehousing, distribution and services. Understanding this work advantage and market location, many smaller entrepreneurs have also chosen the Lebanon Valley because it provides a solid base for their future expansions.

The Lebanon Valley is almost an equal distance from New York City, Philadelphia, Baltimore and Washington, D.C. An excellent transportation system and low land prices make Lebanon County a wide range of businesses. Nearly 50% of the U.S. population as well as 60% of the Canadian are within a 500-mile radius of Lebanon. Additionally, 45% of the nation's manufacturers and 41 domestic trade and service industries are located in this area.

Superior transportation networks link our businesses and connect regional and overseas markets. Interstate Routes 81, 78 and Pennsylvania Turnpike) run through the County and connect major roadways serving the Northeast and Mid-Atlantic states. More than 30 motor freight lines in the Northeast cross the Lebanon County. These lines also provide local service facilities, numerous sidings, piggy-back pick-up and drop-off distribution and deliveries. Scheduled passenger and air freight is available through Harrisburg International Airport, less than an hour west along the Pennsylvania Turnpike. Direct overseas travel can be easily accessed through Frankfurt International and Baltimore-Washington International Airports, located less than two hours from Lebanon County. Corporate aircraft are also served at nearby private airstrips. Businesses transporting cargo have discovered that this area's proximity to the ports of Philadelphia, Baltimore, New York and Wilmington provide another cost advantage. Cargo-handling facilities, container capability and intermodal connections (with rail and truck) are readily available.

The people here are proud of their heritage. They subscribe to a work ethic that results in high-quality workmanship and a loyalty seldom found in today's transient business community. Please visit the links on this site to discover more reasons that you should choose Lebanon County.

(1) Exam date ratios are annualized. (2) Prior year ratios are based on estimates. (3) This ratio relies on the maturity distribution of investments reported per 5300 instructions. Thus, the maturity distribution could be based on the repricing interval and not the actual maturity of the investment. The exam date ratio is calculated consistent with prior years. (4) For all years prior to 2000, net worth includes donated equity, which is not a regulatory component of net worth. (5) The net worth for all years is calculated using quarter end total assets.

(6) Exam Date Ratio: Net Charge Offs is Net Charge Offs over the last 12 months.
