- Board Recommended Action
OCFO disseminates budget guidance to NCUA offices requesting updated estimates of the annual requirements for the following Board-approved budgets:

- 2018 Operating Budget of $298.1 million and 1,183 FTEs;
- 2018 Capital Acquisition Budget of $15.4 million; and
- 2018 Share Insurance Fund Administrative Budget of $8.1 million and 5 FTEs.
For 2018, the Board approved an Operating Fund Budget of $298.1 million and 1,183 FTE (staff).

Working with offices across NCUA, staff now estimates that obligations in 2018 will be about $8.5 million below the Board-approved 2018 budget. The primary reason for the lower estimated spending is because current staffing levels are lower than projected.

The spending projection for the 2018 Capital Projects Budget is unchanged from the Board approved $15.4 million, with many projects expected to execute over multiple years.

Obligations against the 2018 Board approved budget Share Insurance Fund Administrative Budget of $8.1 million are projected to be $325,000 under budget, with lower cost associated with state examiner laptops and training-related travel.
Pay and Benefits

- Anticipated pay and benefits (FICA taxes, health insurance, etc.) costs are estimated to be $8.4 million lower than budgeted for 2018.
  - Accelerated employee departures associated with the reorganization have contributed to the lower on-board count;
  - Estimated FTE used are expected to be about 70 less than budget of 1,183
  - Revised pay and benefit cost estimates based on year-to-date actuals impacted by employee turnover and projections of hiring and attrition rates for remainder of year.
Non-Pay Budget Decreases

- Anticipated Operating Fund Budget non-pay obligations are estimated to be *lower* than budgeted for 2018. This consists of $980,000 in lower cost estimates, offset by two proposed cost increases that total $675,000.

- Projected lower-than-budgeted categories include:
  
  - **Travel expenses** are projected to be about $632,000 below budget, with fewer offsite training and group meetings.
  
  - **Rent, communications and utilities** costs are estimated to be $91,000 lower than budget, also due to fewer offsite meetings;
  
  - **Administrative costs** for supplies, materials and subscriptions are projected to be about $155,000 lower than the budget; and
  
  - **Contract costs** that are estimated to be $102,000 lower than budget.
Non-Pay Budget Item Increases

- Two areas proposed for increases are:
  - Cybersecurity Evaluation Tools - $425,000 new initiative to support cybersecurity integration in supervisory process.
  - Relocations - $250,000 for expected staff relocations to new duty stations in NCUA, to realign staff to areas of need.
