National Credit Union Administration
1775 Duke Street
Alexandria, VA 22314

To Whom It May Concern:

In response to your request for comment, I reviewed the proposed Call Report form 5300 and Instructions. The proposed Call Report will not lead to a reduction in the reporting burden for Campus Federal Credit Union. It seems that the majority of accounts that would be removed are in relation to derivative transactions. Campus Federal Credit Union has never been a party to a derivative transaction and we don't currently have the burden of reporting derivative transactions. The new accounts needed to report risk based capital will add new reporting burden and negate any reduction in other areas of the Call Report.

Respectfully,

Britt Drummond
VP Finance
