Re: Assumption Beaumont F.C.U.
Comments on Notice of Proposed Rulemaking
for Parts 741 and 748, Filing financial reports.

Dear Ms Rupp,

This letter represents the views of Assumption Beaumont FCU regarding NCUA's proposal on filing financial and other reports. Assumption Beaumont FCU is \$522,540 in assets and serves 133 members.

Assumption Bmt FCU opposes the proposed changes which would require all credit unions to file reports electronically. Currently, we file reports manually. Changing to electronic filing would be an undue hardship on the credit union because we don't have a computer nor the finances to purchase one. We prefer to file manually knowing it is correct.

Thank you,
Patricia Bartz, manager
