Regarding: Proposed Rulemaking for Part 701

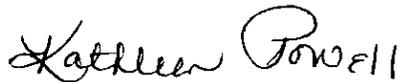

Dear National Credit Union Administration,

I am writing to request you do NOT pass this rule forcing small credit unions to be moved out of homes and into a business location. This would be devastating for small credit unions like ours (OFSCU). Our credit union could not bear these added expenses. In addition, one of the advantages of our credit union is the ability to contact our manager 7 days a week, and almost 24 hours a day. If a manager was in a business location, this would no longer be possible.

In the last 50 years ,OFSCU has helped hundreds of our family members further their education, earn their degrees, buy cars, home remodeling etc,etc.etc.!

Please do not pass this law that could put our credit union out of business. We want it to continue for the next 50 years at least, to help our children and grandchildren better their lives.

Thank you
