Florissant, Missouri  
63031

Dear Mr. Poliquin,

My grandchildren are  
Burkes and Kellys. They have  
savings accounts in a credit  
union based in Omaha, Nebraska.  
It is called Our Family Social  
Credit Union or OFSCU for  
short. My maiden name was Hill.  
My mother was an O'Hanlon and  
her mother was a Williams.  
In 1950 when the Credit Union  
was formed it was called  
the Williams Family Credit Union.

Since I was a small  
child OFSCU has been a constant  
source of pride and accessibility.

Primarily, as members of OFSCU we have been able to finance automobiles and household appliances at reasonable rates. The small amount of savings I deposit in monthly increments allowed us to travel to Missoula, Montana for our daughter's wedding and to purchase a computer for our son to use throughout his college years.

It is pretty amazing to request a loan from a cousin. Every two years we have a Williams Family Reunion. At the reunion are commemorative T shirts. Every current member of OFSCU has their name printed on the back of the T shirt.

OFSCU has been lovingly maintained by family members since the beginning. The "Office" has always been in someone's home. Requiring Credit Unions to occupy a business location would devastate our own

own little piece of the pie

I beg you to vote no to  
Proposition 7535-01-U  
12 CFR Part 701

Sincerely,  
Mary Christine Burke
