Dear Mr. Poliquin:

This letter is sent to you to show our concern regarding the above proposed rule. We are a very small credit union in far West Texas. We serve a community that is low-income and we simply cannot afford this regulation burden. Our Credit Union only consists of four full-time employees. Asking us to burden our staff with additional work and extra expense is unreasonable.

We ask that you support the small credit unions by protecting us from future regulatory burdens.

Sincerely
ALPINE COMMUNITY CREDIT UNION

Yolanda De La O - President
