Dear Secretary of the Board Poliquin,

I support the National Credit Union Administration's proposed field of membership rule. I think that more American's should have access to credit unions because credit unions operate for the benefit of member owners and not shareholders. As a credit union member, I know that my credit union is always looking out for my best interests while offering me all of the banking services that I need.

As an employee of Oregon State Credit Union, I understand how vitally important it is for Americans to have a not-for-profit, cooperative choice in the financial services market. I support and appreciate the National Credit Union Administration's proposed Field of Membership policy modifications which will give more Americans the opportunity to join a credit union. Everyone should have access to affordable financial services, and this is a progressive step in the right direction!

Please implement this field of membership as soon as possible.

Sincerely,

K Goodyear
