Dear Secretary of the Board Poliquin,

I support the work of the National Credit Union Administration to increase the availability of financial products and services to consumers. As a member of a credit union board of directors, I support the Board's proposed rule change because it will enhance consumers' ability to make a personal choice to become a member of a collaborative, member-centered financial institution.

It is important that the Board adopt the proposed rule. This rule creates a framework that will support state's efforts to modernize and be as open to positive choices as possible. Thank you for your consideration of my perspective.

Sincerely,

Brian L. Benzel
