Subject: Appendix B of Part 701 - Chartering and Fields of Membership
Date: Wednesday, January 06, 2016 5:50:08 PM

Dear Secretary of the Board Poliquin,

InTouch Credit Union, though state chartered in Texas, supports passage of this rule as it will simply and clarify the National Credit Union Administration's field of membership rules. Less complexity and more clear rules are good for all. InTouch Credit Union also believes this rule will allow more people to have access to credit union membership which we think is a valuable service and good for their economic health and therefore that of the national economy.

Please pass this rule as soon as possible.

Sincerely,

Chris Carlson, SVP Chief Risk Officer
5640 Democracy Dr
