Subject: Comments on Proposed Rule Chartering and Fields of Membershi
Date: Friday, January 08, 2016 6:30:08 PM

Dear Secretary of the Board Poliquin,

I am writing to you to share my support of the National Credit Union Administration's proposed field of membership rule. I have been a credit union member since I was a small child and have worked in the credit union industry for over 18 years and I can tell you I support what credit unions stand for through and through. The concept of "people helping people" is the reason I stay in a job where I may make less money than if I worked for a big bank, I know that the credit union movement is not about getting rich but truly helping members of our communities. I would like to see everyone in the country have access to credit union membership, as it has had such an impact of my life that I wouldn't want anyone to not have the same opportunity.

Please implement this field of membership as soon as possible.

Sincerely,

Cynthia Hatch
