Dear Secretary of the Board Poliquin,

There have been so many regulatory changes in the last few years that have made it more difficult for my credit union to lend to and serve its members. That is why the National Credit Union Administration Board's proposal on member field of membership is a breath of fresh air. It's really unlike anything we see coming out of Washington these days, to actually reduce burden, which will help credit unions grow and give access to more people. More consumers should belong to credit unions!

The National Credit Union Administration is on the right track with the field of membership proposal.

Sincerely,

Lori Fink
