Dear Secretary of the Board Poliquin,

I have recently read that the National Credit Union Administration is considering a proposal that would allow credit unions to serve more members. Please strongly consider this proposal, so that credit unions can serve the full communities they serve, not just the ones that big banks decide are not worthy of their attention.

More consumers need diversity in the marketplace, so they can make the best choice for their household and economic health. Thank you for providing this choice for consumers.

Sincerely,

Mike Allan
