Dear Secretary of the Board Poliquin,

Thank you for considering a proposal that would allow credit unions to serve more members. Well done! It's long past time for Washington to get out of the way and let credit unions serve Americans.

Having read several letters posted on the NCUA.GOV website, it would appear that only opposition to this proposal are the Bankers.

Any regulatory relief is welcomed by credit unions, and this proposal goes even further by offering more consumers much needed diversity in the marketplace so they can make the best choice for their household and economic health.

Please finish your work as soon as possible so that more people can join credit unions!

Respectfully Submitted,

Sincerely,

John Beiler
