Subject: Comments on Proposed Rulemaking for Part 723
Date: Tuesday, August 18, 2015 10:20:05 AM

Dear Secretary of the Board Poliquin,

We need credit unions in our community, and one important thing credit unions can do to support our community is to lend to small businesses. The cap on credit union small business lending means that credit unions cannot do as much as they could to help their communities. I know you cannot change the cap, but I do appreciate what you are doing to make it easier for credit unions to lend. Taking restrictions out of regulation and putting decisions in the hands of the credit union will help communities. I encourage you to finalize your proposal as soon as possible.

Our economy is recovering, but with the extra vitality from less regulatory burden on small business lending from credit unions, we can spur greater growth for individual communities and the country as a whole. I applaud the proposed changes to Part 723.

Sincerely,

Christopher Soria
