Dear Secretary of the Board Poliquin,

Dear Chairman Matz,

I work for a smaller credit union (94m). We have 3 branches that serve the mountain communities of Colorado. In these mt communities are a lot of small mom and pop businesses that need our help. Big banks dont want to mess with them, but these are our members and our communities. Being a Credit Union we want to give them the support they need. Please ease the burdens of business lending for credit unions. Raise the limits we can lend and lower the compliance burden. You know we are responsible, look at the facts, not at what the big banks are putting into your wallet or political party. Do what is right for America!

Sincerely,

Tyler Hertel
