Comment: I would like to voice my support for this proposed rule by the NCUA. As an employee for a rural area credit union, there are areas for which we can't serve families who would naturally come to locations where we have branches, but are not part of our charter area. It seems this rule would allow a better case for us being able to serve them.

This proposed rule will better allow credit unions to serve underserved communities and be more efficient at the same time, with more available access for more families and communities.

Thank you.
