To Whom It May Concern,

This letter is to notify the NCUA of my support for the proposed regulations of 12 CFR Part 715. However, including the auditing of pay and benefits to employees (and Board members) would overreach the scope of Supervisory audits and would create unintended consequences of questioning the pay of staff or board members. That information does not need to be shared or audited under the scope of the Supervisory Committee. Thank you for your time and consideration.
