VIEWS OF OTHER OFFICES CONSULTED: Concur

SUBMITTED TO INSPECTOR GENERAL FOR REVIEW: No

BUDGET IMPACT, IF ANY: Additional costs of less than $1 million are anticipated to provide support and technical assistance related to closure of the Stabilization Fund.

RESPONSIBLE STAFF MEMBERS: Larry Fazio, Director, Office of Examination & Insurance; Rendell Jones, Chief Financial Officer, Office of the Chief Financial Officer; Mike McKenna, General Counsel, Office of General Counsel; Ralph Monaco, Office of the Chief Economist

SUMMARY: In accordance with the Federal Credit Union Act (Act), the NCUA Board has authority to close the Stabilization Fund at its discretion at any time prior to the statutory expiration date when the Fund has no deficit, at which time all funds, property, and other assets of the Stabilization Fund shall be distributed to the Share Insurance Fund. Staff recommends closing the Stabilization Fund on October 1, 2017.

12 U.S.C. §1790e(h)
At time of closure, the assets and liabilities of the Stabilization Fund will be distributed to the Share Insurance Fund, increasing the Share Insurance Fund’s equity ratio. Per the Act, the Board shall effect a pro-rata distribution to insured credit unions after each calendar year if, as of the end of that calendar year, the Share Insurance Fund’s equity ratio exceeds the normal operating level.²

After closure, the Share Insurance Fund will bear the remaining risks associated with the corporate system resolution program, including the potential for market-value adjustments and write-downs related to the Legacy Assets. To ensure the Share Insurance Fund maintains sufficient capital to absorb these potential losses, in addition to other risks affecting the equity ratio, staff recommends the NCUA Board set the normal operating level at 1.39 percent.

Several administrative steps are also necessary in connection with closing the Stabilization Fund. The NCUA’s internal Delegations of Authority should be updated to reflect closure of the Stabilization Fund. Specifically, delegation SPE 36 should be amended to substitute the Share Insurance Fund for the Stabilization Fund in connection with payments relating to the NGN Program. Staff also recommend the NCUA Board authorize the Executive Director and the NGN Oversight Committee³ to take any actions necessary to close the Stabilization Fund or implement related commitments made in the attached Federal Register notice. These actions include communicating with other federal agencies, such as the U.S. Treasury.

RECOMMENDED ACTION: Recommend the Board:

2. Set the Share Insurance Fund’s normal operating level at 1.39 percent, effective September 29, 2017.
3. Adopt the policy for setting the normal operating level outlined in the attached Federal Register notice.
4. Publish the attached Notice in the Federal Register explaining the bases for actions 1, 2, and 3.
5. Amend Delegation of Authority SPE 36 upon the closing of the Stabilization Fund to substitute the Share Insurance Fund for the Stabilization Fund in connection with payments relating to the NGN Program.
6. Authorize the Executive Director and the NGN Oversight Committee to take any actions necessary to close the Stabilization Fund or implement related commitments made in the attached Federal Register notice.

ATTACHMENTS:

1. Federal Register Notice
2. Revised Delegation of Authority SPE 36.
