Accessing Ransomware Readiness Assessment

**Beginning from “My Assessments”**

To use the RRA first follow the ACET installation instructions to properly install ACET.

Then do the following:

1. Start the ACET application

2. Start a new assessment

![Figure: New Assessment](image)

3. Unselect “ACET Only” From “Assessment Options” and click Next
4. Click Next through the Assessment Information, Contacts section
5. Select Ransomware Readiness Assessment from the Maturity Model screen
