Call Report Form and Instructions

MUST BE RECEIVED BY: April 22, 2011

TO THE BOARD OF DIRECTORS OF THE CREDIT UNION ADDRESSED:

This booklet contains the first quarter 2011 5300 Call Report. All credit unions must complete pages 1 – 10 of this form. Page 11 is the PCA Net Worth Calculation Worksheet and requires no input unless you have completed a merger or acquisition that qualifies for Business Combination Accounting (FAS 141) or intend to use an optional Total Assets Election and/or Alternative Risk Based Net Worth calculation to compute your net worth ratio. Page 12 is the Standard Components of Risk Based Net Worth Requirement worksheet which is automated and requires no input. Pages 13 – 17 contain supplementary schedules and should be completed as applicable.

Please complete the Call Report using accounting and statistical information from your credit union's records as of MARCH 31, 2011. You may complete a paper copy of the form, however, we urge you to consider filing your Call Report using the online, web-based system. This system is more efficient to use, more cost effective and helps to ensure more accurate data.

Please return your completed Call Report information as soon as possible, but no later than April 22, 2011. You were mailed an instructional letter which provides you with the appropriate return address. Please follow these instructions carefully.

If you have any questions, please contact your National Credit Union Administration Regional Office or your state credit union supervisor, as appropriate.

These totals should match the sum of all detailed CUSO information entered in the credit union's online profile or provided manually on NCUA Form 4501A (Profile Form). Please update your profile as necessary to ensure the figures provided below match.

Report business loans not secured by real estate on the Total All Other Loans/Lines of Credit line. Report the portion of any loan participation or purchase that remains on the credit union’s balance sheet according to the applicable collateral code.

- **Interest Rates.** Report loan interest rates being offered as of the reporting period for each loan category. Report the actual rate (i.e., 6.5% = 6.5). If more than one rate applies, report the most common rate in each category.

- **For each loan category, report only those loans which have an outstanding balance.** Loans reported should be shown net of loan origination fees (costs) which shall be recognized over the life of the related loan as an adjustment of yield. Loan fees, certain direct loan origination costs, and purchase premiums and discounts on loans shall be recognized as an adjustment of yield, generally by the interest method, based on the contractual terms of the loan.

- **Participation Loans.** Report the number of individual loans in each pool—not the number of pools.

15. **Unsecured Credit Card Loans**
Include the rate, number, and dollar amount of outstanding credit card loans. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 10) of the Liquidity, Commitments and Sources page.

16. **All Other Unsecured Loans/Lines of Credit (other than credit cards)**
Include the rate, number, and dollar amount of outstanding unsecured loans and lines of credit, other than credit card loans. Typically, this would include signature, comaker, and cosigner loans. Also, report overdraft protection program advances here (commonly referred to as “bounced-check protection” or “courtesy pay”). Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 10) of the Liquidity, Commitments and Sources page.

17. **Short-Term, Small Amount Loans (STS) (Federal Credit Unions Only)**
Federal Credit Unions will include the rate, number, and dollar amount of all loans granted under this program. Do not include these loans with All Other Unsecured Loans/Lines of Credit. State-Chartered credit unions will report similar loans with All Other Unsecured Loans/Lines of Credit. In September 2010, NCUA amended its general lending rule to enable FCUs to offer short-term, small amount (STS) loans as a viable alternative to predatory payday loans. This amendment permits FCUs to charge a higher interest rate for a STS loan than is permitted under
the general lending rule but imposes limitations on the permissible term, amount, and fees associated with a STS loan. According to NCUA Rules and Regulations, Section 701.21(c)(7)(iii), a STS loan is defined as a closed-end loan with the following conditions:

1. The principal of the loan is not less than $200 or more than $1,000;
2. The loan has minimum maturity term of one month and a maximum maturity term of six months;
3. The FCU does not make more than three STS loans in any rolling six-month period to any one borrower and makes no more than one STS loan at a time to a borrower;
4. The prohibition against roll-overs does not apply to an extension of the loan term within the maximum loan terms in paragraph (c)(7)(iii)(3) (i.e., 6 months) provided the Federal credit union does not charge any additional fees or extend any new credit;
5. The FCU fully amortizes the loan;
6. The FCU sets a minimum length of membership requirement of at least one month;
7. The FCU charges an application fee to all members applying for a new loan that reflects the actual cost of processing the application, but in no case may the application fee exceed $20; and
8. The FCU includes in its written lending policies a limit on the aggregate dollar amount of loans made under this section of a maximum of 20% of net worth and implements appropriate underwriting guidelines to minimize risk.

18. Non-Federally Guaranteed Student Loans
Include the rate, number, and dollar amount of non-federally guaranteed, or private, student loans. Report guaranteed student loans, such as Stafford, Perkins, PLUS, and Consolidation loans, granted prior to July 1, 2010 on line 24 below.

19. New Vehicle Loans
Include the rate, number, and dollar amount of new vehicle loans, where a new vehicle is pledged as security. Loans secured by ATVs, RVs, and boats should not be reported on this line, but included in Line 24 below.

20. Used Vehicle Loans
Include the rate, number, and dollar amount of used vehicle loans, where a used vehicle is pledged as security. Loans secured by ATVs, RVs, and boats should not be reported on this line, but included in Line 24 below.

21. Total 1st Mortgage Real Estate Loans/Lines of Credit
Include the rate, number, and dollar amount of outstanding loans and lines of credit secured by a first mortgage lien on the property. Include member business loans secured by a first mortgage lien on real estate. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 10) of the Liquidity, Commitments and Sources page.

22. Total Other Real Estate Loans/Lines of Credit
Include the rate, number, and dollar amount of outstanding real property loans and lines of credit secured by an interest on the property other than a first mortgage lien. Typically, this would include home equity and second mortgage loans. Include member business loans secured by a subordinate lien on real estate. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 10) of the Liquidity, Commitments and Sources page.
• If your credit union has any real estate loans outstanding (i.e., if there is an amount reported on lines 21 or 22) or if your credit union has originated any real estate loans during the reporting period, complete the real estate loan section of **Schedule A – Specialized Lending** on pages 13 – 14.

• If your credit union has any business loans outstanding or has originated any member business loans during the reporting period, complete the Business Loans section of **Schedule A – Specialized Lending** on page 15.

23. **Leases Receivable**
Include the rate, number, and dollar amount of outstanding direct financing leases as defined by GAAP (credit union is lessor). Credit unions that lease personal property such as vehicles to members make direct financing leases.

24. **Total All Other Loans/Lines of Credit**
Include the rate, number, and dollar amount of outstanding loans not already included in lines 15 - 23. Typically, this would include member business loans and business purpose loans (including agricultural loans) not secured by real estate, share secured loans, guaranteed loans, federally guaranteed student loans granted prior to July 1, 2010, etc. Loans secured by ATVs, RVs, and boats should also be reported on this line. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 10) of the Liquidity, Commitments and Sources page.

25. **TOTAL LOANS & LEASES (Sum of lines 15 – 24)**
Loans to other credit unions should normally be excluded from Total Loans and reported as an investment.

26. **Allowance for Loan & Lease Losses (ALLL)**
Report the amount set aside to absorb possible losses on loans and leases (excludes Regular Reserves).

**OTHER ASSETS**

27. **Foreclosed and Repossessed Assets**
Report long-lived assets intended for sale and acquired through, or in lieu of foreclosure or repossession in the applicable category (i.e., Real Estate, Automobiles, or Other). Report the number of loans for each category in the left column and the total amount for each category in the right column.

Initially record the assets at fair value (less costs to sell) at the date of foreclosure or repossession. This fair value (less cost to sell) becomes the “cost” of the foreclosed or repossessed asset. The amount, if any, by which the recorded amount of the loan exceeds the fair value (less costs to sell) of the asset is a loss which must be charged off to the ALLL at the time of the foreclosure or repossession.

After foreclosure or repossession, re-value the assets periodically to the lower of carrying amount or fair value (less costs to sell) through a separate valuation account. Changes in the valuation allowance are included in net expenses from foreclosed and repossessed assets. If a
repossessed or foreclosed long-lived asset is not sold shortly after it is received, any declines in value after foreclosure and any gain or loss from the sale or disposition of the asset shall not be reported as a loan loss or recovery and shall not be debited or credited to the ALLL. Losses and declines in value should be reported on Page 5, line 28, Miscellaneous Operating Expenses.

Regardless of the valuation, foreclosed and repossessed property the credit union intends to sell should be transferred to Foreclosed and Repossessed Property and reported on this line.

28. Land and Building
Land and building, less depreciation on building.

29. Other Fixed Assets
All other fixed assets, such as furniture and fixtures and leasehold improvements, less related depreciation. In addition, include leased assets under capital lease (credit union is lessee), less accumulated depreciation. In this situation, your credit union is leasing assets and granted a lease from an outside entity.

30. National Credit Union Share Insurance Fund (NCUSIF) Capitalization Deposit
Enter the amount of the National Credit Union Share Insurance Fund deposit.

31. Intangible Assets

a. Identifiable Intangible Assets
Report the amount of identifiable intangible assets obtained through a merger or other business combination.

b. Goodwill
Report the amount of Goodwill, an asset representing the future economic benefits arising from other assets acquired in a business combination (i.e., merger) that are not individually identified and separately recognized.

32. Other Assets
Report accrued interest on loans and accrued interest on investments separately, as applicable. All other assets include prepaid expenses, accounts receivable, and loans to and investments in CUSOs, and any other assets not previously included. Also, report any private insurance capitalization deposit here. Any investments purchased and identified to fund deferred compensation agreement obligations must be reported in the Investment Schedule on page 1 of the Call Report. If your asset size is over $10 million and you report loans and/or investments greater than $0, then you must include the accrued interest amounts in lines 32a and 32b. If this amount includes loans or investments to CUSOs, you must also complete the new NCUA Profile Form (NCUA Form 4501A) – formerly known as the Report of Officials (NCUA Form 4501) and Schedule C - CUSO Information on page 17.

- NOTE: If your credit union wholly owns the CUSO or owns the majority of the CUSO (controlling interest), the CUSO should not be reported as an asset. Rather, the CUSO’s books and records should be consolidated with your credit union’s books and records in accordance with generally accepted accounting principles. Complete Schedule C - CUSO Information on page 17 regardless of the ownership interest.
33. TOTAL ASSETS  (Sum of items 1, 2c, 3, 13, 14, 25-26, 27d, 28, 29, 30, 31c, and 32d).
This must also equal the sum of LIABILITIES, SHARES, AND EQUITY (line 40 on page 4).

34. Loans Granted Year-to-Date
Report the number and dollar amount of loans granted year-to-date. Include all loans of all types
granted including real estate loans sold on the secondary market. For the number of loans, count
each line of credit as a single loan granted if one or more advances were made on that line year-
to-date, even if it is an existing line of credit approved in a previous year. For all other loans,
report each new loan or refinanced loan as a loan granted. The dollar amount should include all
new advances on lines of credit and all balances which were refinanced. Report the number and
the portion (amount) of Participation Loans participated in or retained by the credit union.

34a. Federal Credit Unions – Report the number and amount of short-term, small dollar
amount (STS) loans granted year-to-date. See line 17 for the definition of a STS loan. The
number and amount reported here should also be included in line 34 above.

35. Loans Outstanding to Credit Union Officials and Senior Executive Staff
Report the number and dollar amount of loans to credit union officials, including the board of
directors, committee members, and senior executive staff (credit union’s chief executive officer
typically titled as President or Treasurer/Manager; any Assistant Chief Executive Officer, e.g.,
any Assistant President, Vice-President, or Assistant Treasurer/Manager; and the Chief Financial
Officer). The dollar amount should be the total outstanding loan balances as of the current report
date.
LIABILITIES

Do not include draws against lines of credit reported in line 1 above.

3. Borrowing Repurchase Transactions

Special instructions for lines 4 and 5, Subordinated Debt and Uninsured Secondary Capital:

Section 216(o)(2)(B) of the Federal Credit Union Act (as established by Public Law 105-219, the Credit Union Membership Access Act of 1998), Uninsured Secondary Capital is included in net worth for low-income designated credit unions. See special instructions above.

7. Accrued Dividends/Interest Payable on Shares/Deposits
Accrued dividends and interest declared but not yet distributed.

8. Accounts Payable and Other Liabilities
Other liabilities not listed above (including, but not limited to, taxes payable, undistributed payroll deductions, draft clearings, and unposted suspense items).

SHARES/DEPOSITS
- **Dividend/Interest Rates**: Report the rate paid on these credit union share accounts as of the last day of the reporting period. Input the actual rate (i.e., 2.5% = 2.5), except in situations where more than one rate applies. In this instance, use the most common rate according to the dollar volume of business. Report the rate even if the share program is no longer offered, as long as the share program has outstanding member deposits as of the reporting date.

- **Deposit Account Sweeps Affecting Transaction and Non-Transaction Accounts**: In an effort to reduce their reserve requirements, some credit unions have established sweep arrangements that involve transfers of member deposits between two sub-accounts. In a typical arrangement, a credit union creates a master account and two sub-accounts: a transaction sub-account (commonly a share draft account) which is subject to Regulation D reserve requirements, and a non-transaction sub-account (commonly a money market account) which is not subject to reserve requirements. Depending upon the balances in the two sub-accounts on a particular day, the credit union shifts funds from the transaction sub-account to the non-transaction sub-account or vice versa. The Call Report should reflect the position of the swept funds at the end of the reporting period, and should match reporting on the Federal Reserve form FR 2900.

- **Credit Unions must meet the following two key criteria to have a valid retail sweep program:**
  1. The depository institution must establish by agreement with its transaction account member two legally separate accounts: a transaction account (share draft account) and a non-transaction account (usually regular shares or a money market account).
  2. The swept funds must actually be moved from the member’s transaction account to the member’s regular shares or money market account on the official books and records of the depository credit union as of the close of business on the day(s) where the depository credit union intends to report the funds in question as regular shares or money market accounts and not transaction accounts, and vice versa.
• When a depository credit union intends to establish a retail sweep program with respect to new transaction account members, the depository credit union must ensure that its member account agreements provide for the existence of two distinct accounts (a transaction account and a regular shares or money market account) rather than a single (transaction) account.

• Regardless of the structure of the credit union’s official books and records, both the member-account level records and the aggregate-level records must reflect the actual movement of funds between the accounts (if any) for each reporting date, so that the manner in which the funds are reported on any given reporting date (transaction or regular shares/money market account) corresponds to where the funds are located (transaction or regular shares/money market account).

• Note that simply establishing a legal existence of two sub-accounts, without actually moving funds between sub-accounts accordingly, is not sufficient to report the relevant amounts as having been swept. Also, if a non-transaction (regular share) sub-account reaches the six withdrawal limit in the month or statement cycle, the entire remaining balance of the regular share sub-account must be shifted back to the transaction (share draft) account.

• The maintenance of such records or systems by a third party, such as a service provider, may raise questions as to whether those records or systems are subject to prudent managerial oversight and control. A valid retail sweep program may not exist solely in records or on systems that do not constitute official books and records of the depository credit union and that are not used for any purpose other than generating “reclassified” deposit reports.

9. Share Drafts
Report the rate, number of accounts, and dollar amount of credit union share drafts. Overdraft balances should be reported on page 2, line item 16, All Other Unsecured Loans/Lines of Credit.

10. Regular Shares
Report the rate, number of accounts, and dollar amount of credit union regular shares, including Christmas, vacation, and other club accounts.

11. Money Market Shares

Report the rate, number of accounts, and dollar amount of credit union share certificates by remaining maturity.

13. IRA/KEOGH Accounts
Report the rate, number of accounts, and dollar amount of credit union IRA/KEOGH accounts by maturity (including both regular IRA/KEOGH accounts and IRA/KEOGH certificates).
14. All Other Shares and Deposits

Additional Shares/Deposits (Included in the Shares/Deposits Listed Above):

18. Accounts Held by Member Government Depositors
The accounts are insured up to the standard maximum share insurance amount (SMSIA). Government Depositors are eligible for regular shares, share drafts, and share certificates. Please see Section 701.32 of NCUA’s Rules and Regulations for further guidance on Accounts Held by Government Depositors.

19. Accounts Held by Nonmember Government Depositors
The accounts are insured up to the standard maximum share insurance amount (SMSIA). Government Depositors are eligible for regular shares, share drafts, and share certificates. Please see Section 701.32 of NCUA’s Rules and Regulations for further guidance on Accounts Held by Government Depositors.

20. Employee Benefit Member Shares and Deposits
Any shares of an employee benefit plan in an insured credit union shall be insured on a “pass-through” basis, in the amount of up to the SMSIA for the non-contingent interest of each plan participant, in accordance with Section 745.9-2 of NCUA’s Rules and Regulations. An insured credit union that is not “well capitalized” or “adequately capitalized”, as those terms are defined in Section 1787(k)(4) of NCUA’s Federal Credit Union Act, may not accept employee benefit plan deposits. Employee benefit plans for member shares and deposits may consist of Keogh accounts established by an employer as part of an employee benefit plan.

21. Employee Benefit Nonmember Shares and Deposits
The same insurance coverage and legal restrictions apply to retirement and other employee benefit plan accounts for nonmember shares as stated above for member shares. Employee benefit plans for nonmember shares and deposits may consist of Keogh accounts established by an employer as part of an employee benefit plan.

22. 529 Plan Member Deposits
Funds owned by a principal and deposited in one or more accounts in the name or names of agents or nominees shall be added to any individual account of the principal and insured up to
the limit of $250,000 per eligible account in the aggregate for each primary account holder as outlined in Section 745.3 of NCUA’s Rules and Regulations. Deposits are restricted to regular shares, money market shares, or share certificates.

23. Non-dollar Denominated Shares and Deposits
An insured credit union may accept shares denominated in a foreign currency. Shares denominated in a foreign currency will be insured in accordance with this part to the same extent as shares denominated in U.S. dollars. Insurance for shares denominated in foreign currency will be determined and paid in the amount of United States dollars that is equivalent in value to the amount of the shares denominated in the foreign currency as of close of business on the date of default of the insured credit union. The exchange rates to be used for such conversions are the 12:00 PM rates (the noon buying rates for cable transfers) quoted for major currencies by the Federal Reserve Bank of New York on the date of default of the insured credit union, unless the share agreement provides that some other widely recognized exchange rates are to be used for all purposes under that agreement. The credit unions will also have to list these non-dollar denominated shares and deposits in U.S. dollars for the Call Report. The 12:00 PM Federal Reserve Exchange rates should be used as well on the last working day of the quarter-end.

24. Health Savings Accounts
Section 724.1 of the NCUA Rules and Regulations permits Federal credit unions to act as trustees and custodians of certain tax-advantaged savings plans. A federal credit union is authorized to act as trustee or custodian, and may receive reasonable compensation for so acting, under any written trust instrument or custodial agreement created or organized in the United States and forming part of a tax-advantaged savings plan which qualifies for specific tax treatment for its members or groups of its members, provided the funds are invested in share accounts or share certificate accounts of the Federal Credit Union. These services may include acting as a trustee or custodian for health savings accounts. Funds owned by each member shall be added to any other regular share and insured up to the limit of $250,000 per eligible account in the aggregate for each primary account holder as outlined in Section 745.3 of NCUA’s Rules and Regulations.

25. Dollar Amount of Share Certificates equal to or greater $100,000
(Excluding brokered share certificates participated out by the broker in shares of less than $100,000). This account enables the Federal Reserve to accurately construct M2 (the study of total money supply). Please list the total amount for individual share certificates equal to or greater than $100,000 only. For example, a credit union has two Share Certificate accounts with individual balances of $80,000 and $120,000 that add to an aggregate balance of $200,000. The Federal Reserve has directed NCUA to have credit unions list only the individual balances that equal or exceed $100,000. So, in this case, the credit union would report $120,000.

26. Dollar Amount of IRA/Keogh Accounts equal to or greater than $100,000
This account enables the Federal Reserve to accurately construct M2 (the study of total money supply). Please list the total amount for individual IRA/Keogh Accounts equal to or greater than $100,000 only. For example, a credit union has two IRA/Keogh accounts with individual balances of $80,000 and $120,000 that add to an aggregate balance of $200,000. The Federal Reserve has directed NCUA to have credit unions list only the individual balances that equal or exceed $100,000. So, in this case, the credit union would report $120,000.
27. Dollar Amount of Share Drafts Swept to Regular Shares or Money Market Accounts as Part of Sweep Program
List the dollar amount the credit union actually transferred from share drafts (transactional accounts) to regular shares or money market accounts (nontransactional) to qualify the credit union as having a legitimate sweep program with the Federal Reserve. The credit union can use this total to assist in analyzing share trends.

28. Dollar Amount of Noninterest Bearing Transactional Accounts greater than $250,000
Report the total dollar amount of Noninterest Bearing Transactional Accounts with balances greater than $250,000. A credit union may exclude noninterest bearing transaction accounts with a balance of more than $250,000 if the entire balance in the account is fully insured under the NCUA’s deposit insurance rules, such as joint account relationship rules or “pass-through” insurance coverage rules.

Noninterest bearing transaction account means an account or deposit maintained at an insured credit union—

i. With respect to which interest is neither accrued nor paid;

ii. On which the account holder or depositor is permitted to make withdrawals by negotiable or transferable instrument, payment orders of withdrawal, telephone or other electronic media transfers, or other similar items for the purpose of making payments or transfers to third parties or others; and

iii. On which the insured credit union does not reserve the right to require advance notice of an intended withdrawal.
EQUITY

31. Appropriation for Non-Conforming Investments (SCU ONLY)
Reserves set aside from Undivided Earnings to cover the excess of Book Value over Fair Value for investments not authorized by NCUA. Required in accordance with NCUA Rules and Regulations Section 741.3(a)(2). This account is only necessary for reporting reserves for non-SFAS 115 investments and SFAS 115 investments classified as Held to Maturity.

Such amounts must be appropriately displayed (disclosure only, not an actual expense entry on the Income Statement) through either a previous, or the current period's, Statement of Income, Item 14b.
37. Accumulated Unrealized Net Gains (Losses) on Cash Flow Hedges
Report the effective portion of the accumulated change in fair value (gain or loss) on derivatives designated and qualifying as cash flow hedges in accordance with SFAS 133, “Accounting for Derivative Instruments and Hedging Activities.”

38. Other Comprehensive Income
Report any items of other comprehensive income that are not already included in items 34 or 35 above. An example of an Other Comprehensive Income item is other comprehensive income amounts related to single-employer defined benefit postretirement plans, such as a pension plan or health care plan.

A credit union that sponsors a single-employer defined benefit postretirement plan, such as a pension plan or health care plan, must recognize the funded status of each such plan on its balance sheet (i.e., an over-funded plan is recognized as an asset while an under-funded plan is recognized as a liability). Initially, the postretirement plan amounts recognized on the credit union’s balance sheet before applying the standard must be adjusted to recognize gains or losses, prior service costs or credits, and transition assets or obligations that have not yet been included in the net periodic benefit cost of its plans. These adjustment amounts are recognized directly in equity as components of other comprehensive income. Thereafter, a credit union must recognize certain gains and losses and prior service costs or credits that arise during each reporting period as a component of other comprehensive income (OCI). Postretirement plan amounts carried in OCI are adjusted as they are subsequently recognized in earnings as components of the plan’s net periodic benefit cost. Credit unions should consult their independent accountant for further guidance in applying this accounting standard.

These examples are not all inclusive. Items required by accounting standards to be reported as direct adjustments to paid-in capital, retained earnings, or other non-income equity accounts are not to be included as components of comprehensive income.

39. Net Income
Sum remaining after all expenses have been met or deducted from income prior to being transferred to the Undivided Earnings account. Do not report net income which has been closed to Undivided Earnings.

40. TOTAL LIABILITIES, SHARES AND EQUITY

J. **TOTAL UNINSURED NONMEMBER SHARES AND DEPOSITS**
Add items G, H, and I (Accounts 067A1, 067B1, and 067C1) together to determine the total for all uninsured nonmember shares and deposits, so NCUA can determine insured shares, an accurate operating fee, and share insurance deposit.

K. **TOTAL UNINSURED SHARES AND DEPOSITS**

All delinquent loans and leases include loans and leases reported by the credit union and serviced by outside processors (e.g., real estate, student loans, etc.) and loans held on the balance sheet of wholly-owned CUSOs.

- Do not include either:
  1) Loans already written down to fair value (difference charged-off against ALLL) through a "decision to sell" and/or otherwise transferred to a "loans held for sale" (LHFS) classification; or
  2) Any loans for which the credit union has already obtained physical possession of the underlying collateral (automobiles, boats, real estate, etc.), regardless of whether formal foreclosure or repossession proceedings have been instituted against the borrower. The credit union should write-down such loans to the fair value of the collateral, less costs to sell. Property the credit union intends to sell should be transferred to “Foreclosed and Repossessed Assets”.

- Report troubled debt restructured (TDR) loans (defined in GAAP) as delinquent consistent with original loan contract terms until the borrower/member has demonstrated an ability to make timely and consecutive monthly payments over a six-month period consistent with the restructured terms. Likewise, such loans may not be returned to full accrual status until the six-month consecutive payment requirement is met.

- **Note:** Not all restructured debt meets the definition of TDR. TDR loans are loans whose terms have been modified because the credit union, for economic or legal reasons related to the debtor’s financial difficulties, grants a concession to the member debtor that it would not otherwise consider, providing for a reduction of interest, principal, or both. This concession either stems from an agreement between the credit union and the member debtor or is imposed by law or a court. A loan extended or renewed at a stated interest rate equal to the current interest rate for new debt with similar risk is not considered a TDR loan.

C. Outstanding Letters of Credit
   Report the amount unfunded as of the report date of all financial standby letters of credit (and all legally binding commitments to issue financial standby letters of credit) issued by your credit union. Credit unions are not required to provide input on this page, unless the credit union intends to use an optional Total Assets Election to compute its net worth ratio or has completed a merger or acquisition that qualifies under FAS 141R.

At its discretion, a credit union may elect a measure of total assets for its net worth denominator other than quarter-end total assets. If the credit union decides to use one of these Total Assets Elections, it must input this amount on line 10, 11, or 12, as appropriate. Otherwise, the PCA Net Worth Calculation Worksheet will compute the credit union’s net worth ratio and resulting net worth classification using quarter-end total assets from line 9. (Please see NCUA Rules and Regulations §702.2 (k) for further information regarding total assets.)

All Credit Unions. This worksheet provides a means of measuring the net worth ratio. All credit unions must determine their net worth category at the end of each calendar quarter by measuring their net worth ratio. (See NCUA Rules and Regulations §702.101.)

Credit unions with Assets Greater than $10,000,000. In addition to measuring a net worth ratio, credit unions with assets greater than $10 million must also review their Risk Based Net Worth (RBNW) Calculation Requirement.

Line 14a of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Standard Components.

Line 14b of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Alternative Components of Section 702.107 of the NCUA Rules and Regulations.

Manual Call Report Filers. Manual Call Report filers may leave the PCA Net Worth Calculation Worksheet blank, use it to select an optional total assets election, or use it as a manual net worth calculation worksheet. NCUA will compute the Net Worth Ratio and RBNW Requirement Calculation for manual Call Report filers with the information entered on the Call Report.

7. Adjusted Retained Earnings acquired through Business Combinations

List the applicable total for the prior quarter-end adjusted retained earnings acquired through business combinations. This total must be tracked separately by the credit union since it will not appear directly on the balance sheet.
b. Adjustments made to Retained Earnings acquired through Business Combinations during current quarter
List any applicable adjustments, such as additional business combinations. The only time this amount should go down is due to an accounting correction.

c. Current Quarter's Total Adjusted Retained Earnings acquired through Business Combinations (Line 7a +/- Line 7b)
The amount calculated in line 7c is what you should report on line 7a on your next 5300 report.
No credit union is required to provide input on this page. NCUA provides the Standard Components of Risk Based Net Worth (RBNW) Requirement worksheet to demonstrate the underlying source information of the RBNW requirement. NCUA provides this for your information only.

Credit unions with Assets Greater than $10,000,000. In addition to measuring a net worth ratio, credit unions with assets greater than $10 million must also review their RBNW Calculation Requirement. Line 14a of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the standard components.

Manual Call Report Filers. NCUA will compute the RBNW Requirement Calculation for manual Call Report filers with the information entered on previous pages of the Call Report.
SECTION 1 – INDIRECT LOANS

An indirect loan is a loan made by a credit union through a vendor or third party vendor, not limited to car dealerships, that facilitates the financing arrangement. Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting directly with a merchant. 1b. Indirect Loans – Outsourced Lending Relationship
Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting with a third party vendor, other than the merchant providing the product. In this case, the credit union does not directly contract with the merchant. The third party vendor receives compensation for facilitating loan origination. SECTION 4 – BUSINESS LOANS

This section should include information concerning business loans as defined by Part 723 of the NCUA Rules and Regulations. A member business loan generally includes any loan, line of credit, or letter of credit (including unfunded commitments) where the borrower uses the proceeds for commercial, corporate, or other business investment property or venture, or agricultural purposes. However, loans which meet one or more of the following exceptions are not member business loans:

- A loan fully secured by a lien on a 1- to 4-family dwelling that is the member’s primary residence;

- A loan fully secured by shares in the credit union or deposits in other financial institutions;

- Loan(s) to a member or an associated member which, when the net member business loan balances are added together, are equal to less than $50,000;

- A loan where a federal or state agency (or its political subdivision) fully insures repayment, fully guarantees repayment, or provides an advance commitment to purchase in full; or

- Loans to credit unions and credit union service organizations.

For purposes of Part 723, a loan purchase or participation interest in a nonmember business loan must meet the member business loan requirements as if made to a member. These loans do not count against the credit union’s regulatory aggregate member business loan limit unless the borrower is also a member. However, the credit union must receive approval from the NCUA regional director before the total of the credit union’s net member business loan balances and the nonmember business loan balances exceed the lesser of 1.75 times the credit union’s net worth or 12.25% of total assets.

**Net Member Business Loan Balance (NMBLB).** The outstanding loan balance plus any unfunded commitments, reduced by any portion of the loan that is secured by shares in the credit union, or by shares or deposits in other financial institutions, or by a lien on the member’s primary residence, or insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state, or subject to an advance commitment to purchase by any agency of the federal government, a state or any political subdivision of such state, or sold as a participation interest without recourse and qualifying for sales accounting under generally accepted accounting principles. The NMBLB applies to both member and nonmember business loans and participation interests.
Examples for reporting Business Loans on lines 1a-j and lines 2a-j of this schedule.

If a member has $35,000 in business purpose loans and the credit union grants this member an additional $40,000 in business purpose loans, the credit union should report the additional $40,000 on lines 1a-j, as applicable, as a Member Business Loan. If the credit union has total assets exceeding $10,000,000, the credit union would also report the $40,000 on lines 8 – 10 for the purpose of calculating the Risk Based Net Worth requirement. Also, in this case, the credit union must comply with all of the requirements of Part 723 of NCUA’s Rules and Regulations in making this loan because the loan caused the aggregate amount of business purpose loans to the member to exceed the $50,000 threshold in Section 723.1(b)(3) of NCUA’s Rules and Regulations.

If, in the case above, the member subsequently pays down the $35,000 business purpose loan to $15,000 and the $40,000 business loan to $34,000, making the aggregate total business purpose loans $49,000, the credit union is not required to list any of these loans on lines 1a-j as Member Business Loans since the new aggregate loan total is $49,000 and is now below the $50,000 threshold in Section 723.1(b)(3) of NCUA’s Rules and Regulations. However, if the credit union has assets exceeding $10,000,000, the credit union is required to report the $34,000 member business purpose loan on lines 8 – 10 for the purpose of calculating the Risk Based Net Worth (RBNW). For RBNW reporting requirements, the outstanding loan balance of any loan and participation that ever met the definition of a member business loan (e.g., at origination or at time of purchase) must be reported on lines 8 – 10 in the RBNW section for credit unions with assets greater than $10 million.

1. & 2. Business Loans
Report the total number and NMBLB amount of any business loan, or participation interest qualifying for sales accounting, to a member on lines 1a-k and to a nonmember on lines 2a-k.

- For each type of business loan listed, provide the number of loans outstanding, the aggregate NMBLB amount of loans outstanding, the number of loans granted or purchased year-to-date, and the NMBLB amount of loans granted or purchased year-to-date. For participation loans, report the NMBLB amount of the portion that remains on the credit union’s balance sheet.

- Include any unfunded commitments with these reported figures unless otherwise noted in the instructions.

- For loans held for sale, report only the number of loans granted or purchased year-to-date and the aggregate NMBLB amount of loans granted or purchased year-to-date.

a. Construction and Development Loans
Report the total amount and NMBLB amount of any loan or participation interest to a member (line 1) or nonmember (line 2) for the purpose of acquiring property or rights to property with the intent to convert it to income producing property such as residential housing for rental or sale; commercial use; or similar use. This includes land or structure loans made with the intent of conversion into an income producing property such as residential housing for rental or sale, commercial or industrial use, or similar use. Construction or development loan includes a
financing arrangement for the major renovation or development of property already owned by the borrower that will convert the property to income producing property or convert the use of income producing property to a different use from its use before the major renovation or development or is a major expansion of its current use. A construction or development loan does not include loans to finance maintenance, repairs, or improvements to an existing income producing property that do not change its use. **Exclude** any loan made to finance the construction of a single-family residence if a prospective homeowner has contracted to purchase the property or a loan to finance the construction of one single-family residence per member-borrower or group of associated member-borrowers, irrespective of the existence of a contractual commitment from a prospective homeowner to purchase the property.

b. **Secured by Farmland**
Report the number and NMBLB amount of any member (line 1) or nonmember (line 2) business loan or participation interest secured by farmland and improvements thereon. Farmland includes all land used for agricultural purposes, such as crop and livestock production, including grazing and pasture land.

c. **Secured by Non-Farm Residential Property**

This includes both operating and capital loans. Do not include loans secured by farmland, reported on line b above.

h. Commercial and industrial loans
Report the number and NMBLB amount of secured loans or participation interests to members (line 1) or nonmembers (line 2), other than those secured by real estate, for commercial and industrial purposes to sole proprietorships, partnerships, corporations, and other business enterprises. Include loans to individuals for commercial, industrial, and professional purposes but not for investment or personal expenditure purposes. For example, include loans to manufacturing companies, construction companies, wholesale and retail trade enterprises, cooperative associations, service enterprises, insurance agencies, and practitioners of law, medicine, and public accounting. Also include loans for the purpose of financing capital expenditures, current operations, and dealer floor plans.

Report the outstanding portion of any loan contained in page 13, line 10 that is also reported in the Net Member Business Loan Balance(s) (NMBLBs) reported on lines 1f and 2f. Do not include balances excluded from the NMBLB, such as the portion secured by a lien on a member’s primary residence.

**RISK BASED NET WORTH (RBNW)**
For credit unions with assets greater than $10,000,000.
For purposes of Part 702 (RBNW), the amount reported in this section differs from the calculated NMBLB included in Total Business Loans (Account 400T) and must include the portion of loan balances secured by the following:

- By shares in the credit union, or by shares or deposits in other financial institutions;
- By a lien on the member’s primary residence;
- Insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state; or
- Subject to an advance commitment to purchase by any agency of the federal government, a state or any political subdivision of such state.

Note: Loans that are fully guaranteed by a federal or state agency are not considered member business loans and would not be included in Total Business Loans (Account 400T). However, if the loan is partially guaranteed (such as SBA loans), the portion that is partially guaranteed is excluded from the regulatory net business loan balance but included for RBNW purposes. The loan must meet the regulatory $50,000 threshold before it is reported as a member business loan, or reported for RBNW purposes. Once a loan is deemed to be a member business loan, the outstanding balance of the member business loan (including any guaranteed portions) must be risk-weighted until the loan is paid off (NCUA RR Part 702).

For purposes of Part 702 (RBNW), purchased business loans or participations to nonmembers are treated the same as a member business loan.

8. **Loans and participation interests qualifying for RBNW**
Report the outstanding loan balances of any loan or participation that meets the definition of a member business loan at origination or at time of purchase.

Include member business loans transferred with contractual recourse. These are loans or portions of loans which do not qualify for sales accounting under generally accepted accounting principles. **Do not include unfunded commitments.** Report unfunded commitments on line 9.
9. Unfunded commitments for business loans and participation interests qualifying for RBNW
Report the unfunded portions of commitments to extend credit for any loan reported in line 8.

10. Amount of Real Estate Loans included in line 10 of page 13
These loans are also reported as loans and participation interests qualifying for RBNW on line 8 above. Report the outstanding balance of any loan contained in line 10 of page 13 which has ever qualified as a business loan, regardless of whether the loan is presently classified as a business loan.

SECTION 5 – MODIFIED LOANS
Report in the appropriate categories below all loans and leases that have been modified. For the Amount Outstanding, include the quarter-end balances of all modified loans still outstanding, whether modified in the current or prior years. For loans modified more than once, only report the balance outstanding of the most recent modification in this column. In the Amount Modified Year-to-Date column, include all loans modified year-to-date, including multiple modifications made on the same loan in the current year.

For purposes of this item, include all loans and leases whose terms have been modified because of deterioration in the financial condition of the borrower, whether or not such modified loans are troubled debt restructurings under GAAP. The modified terms offered the borrower could include an increased term, a reduction in interest rate or principal, or other concession. Include all modified loans whether or not the terms conform to the rate, term, and loan-to-value that would be granted on a new loan with a similar risk profile. If the loan is refinanced or modified just to keep a member who is current on his/her loan from refinancing for a better rate or term elsewhere, it does not need to be reported in this section. For all troubled debt restructured loans for which the member has not made six consecutive payments in compliance with the modified terms; these loans should still be considered delinquent and reported appropriately here and on Pages 7 and 8 of the 5300. See Delinquency instructions for more information.

1a. Modified Loans secured by First Mortgages
Report the number, dollar amount outstanding, and amount modified year-to-date for loan modifications which are presently secured by a first mortgage. These loans should also be reported on the appropriate real estate loan lines of Section 2 on page 13, lines 1a through 5 and on page 2, line 21.

1b. Modified Loans secured by Other Real Estate/Lines of Credit
Report the number, dollar amount outstanding, and amount modified year-to-date for loan modifications which are presently secured by a junior lien. These loans should also be reported on the appropriate real estate loan lines of Section 2 on page 13, lines 6 through 9 and on page 2, line 22.

1c. Modified Real Estate Loans also reported as Business Loans
Report the number, dollar amount outstanding, and amount modified year-to-date for loan modifications which meet the definition of Business Loans and are secured by real estate. These
loans should also be reported on the appropriate lines in Section 4 above. These would include any purchased business loans or participation interests to nonmembers secured by real estate.

1d. Modified Consumer Loans NOT Secured by Real Estate
Report the number, dollar amount outstanding, and amount modified year-to-date for loan modifications which are made for non-business purposes and are not secured by real estate. This item could include, but is not limited to, modified new and used vehicle loans, credit card loans, unsecured personal loans, and mobile homes that do not include land. These loans should also be reported on the appropriate lines in the Loan and Lease section of the Statement of Financial Condition on Page 2. Do not include skip-a-pay or similar programs on this line unless the loans were also modified because of deterioration in the financial condition of the borrower.

1e. Modified Business Loans NOT Secured by Real Estate
Report the number, dollar amount outstanding, and amount modified year-to-date for loan modifications which meet the definition of a business loan under Part 723 of the NCUA Rules and Regulations and are not secured by real estate. These loans should also be reported on the appropriate lines in Section 4 above.

2. Troubled Debt Restructured Loans (TDRs):
These loans should also be reported in the appropriate category on lines 1a-e above. TDRs are loans whose terms have been modified because the credit union, for economic or legal reasons related to the debtor’s financial difficulties, grants a concession to the member debtor that it would not otherwise consider, providing for a reduction of interest, principal, or both. This concession either stems from an agreement between the credit union and the member debtor or is imposed by law or a court. A loan extended or renewed at a stated interest rate equal to the current interest rate for new debt with similar risk is not considered a TDR loan.

b. Privately Issued Mortgage-Backed Securities (SCU Only)

For example, a security backed by mortgages but rated lower than AA (or equivalent) or a security backed by second lien mortgages. CUSO DEFINITION
A Credit Union Service Organization (CUSO) is a corporation or limited partnership that provides services primarily to credit unions or members of affiliated credit unions.

Line item entries for credit union loans and investments have been moved to NCUA Form 4501A (Profile Form). Answer the following questions for each group of CUSOs (aggregate) in which you have a loan or an investment:

ACCOUNTING ISSUES
A. If your credit union wholly-owns the CUSO or owns a “controlling financial interest” (assumed at ownership of 50% or more of the voting stock), the CUSO’s books and records should be consolidated with your credit union’s books and records (as if the two were one entity) for reporting on pages 1, 2, 3, 4, and 5 of the call report.

B. If your credit union has “ability to exert significant influence” over operations of the CUSO (assumed at ownership of 20% or more but less than 50% of the voting stock of the CUSO), the credit union’s investment in the CUSO should be reflected in its books and records using the equity method of accounting.

C. If your credit union owns less than 20% of the voting stock of the CUSO, the credit union should account for its CUSO investment using the cost method of accounting.

AGGREGATE OF FINANCIAL INTERESTS THE CREDIT UNION HAS IN CUSOs
Report aggregate totals for Total Value of Investments in CUSOs (Acct Code 851), Total Amount loaned to CUSOs (Acct Code 852), and Total Aggregate Cash Outlays (Acct Code 853) the credit union has in all CUSOs, regardless of whether your credit union wholly owns the CUSO, has a "controlling financial interest," has the "ability to exert significant influence" or owns only a smaller portion of the CUSO. These totals should match the sum of all detailed CUSO information entered in the credit union's online profile or provided manually on NCUA Form 4501A (Profile Form). Please update your profile as necessary to ensure the figures provided below match. These are new Account Codes for the 5300. The prior Account Codes for Total Value of Investments in CUSOs, Total Amount loaned to CUSOs, and Total Aggregate Cash Outlays remain unchanged in the Profile Form.

A. Total Value of Investments in CUSOs (Account 851)
Report the amount that represents the unimpaired value of the credit union’s aggregate CUSO investments as measured under generally accepted accounting principles on an unconsolidated basis. The amount reported should be measured either under:

- The cost method (ownership of less than 20% voting common stock), or
- The equity method (ownership of 20% or more voting common stock).
B. Total Amount Loaned to CUSOs (Account 852)
Report the amount of aggregate outstanding loan balance(s), available line(s) of credit from the credit union, and/or guarantee(s) the credit union has made to or on behalf of the applicable CUSOs.

C. Total Aggregate Cash Outlay in CUSOs (Account 853)
Report the aggregate cash outlay invested in the CUSO that is not impaired by sustained losses unrecoverable in the reasonable near term. “Aggregate cash outlay” means the aggregate amount of cash paid out by the credit union to acquire an ownership interest in the CUSO. Credit unions required under GAAP to report their investment in a CUSO on the equity basis are not penalized for exceeding their “investment in and loans to” CUSO limit as a result of the CUSO operating profitably and the value of the investment increasing. Unimpaired aggregate cash outlay is the means by which the regulatory limitation is measured.

WHOLLY OWNED CUSOs
Complete a separate line of information for each CUSO in which the CUSO is wholly owned by the credit union. These CUSOs should also be listed in the credit union’s profile under the "CUSO" tab in the online system.

A. CUSO EIN (Employer Identification Number) (Accounts 844A through T)
Report the Employer Identification Number (tax ID number) of each applicable wholly owned CUSO assigned by the Internal Revenue Service (IRS). Report the nine digit number without any spaces or dashes. This number should not be someone’s social security number or the same tax ID number used by the credit union. If you do not know what the CUSO’s tax ID number is, contact the CUSO.

B. Full/Legal Name of CUSO (Accounts 845A through T)
Report the full/legal name of each applicable wholly owned CUSO.

C. Total Assets of CUSO (Accounts 846A through T)
Report the total assets of each applicable wholly owned CUSO.

D. Total Capital of CUSO (Accounts 847A through T)
Report the amount of total capital for each applicable wholly owned CUSO.

E. Net Income/Loss of CUSO (Accounts 848A through T)
Report the net income or loss of each applicable wholly owned CUSO.

F. Total Loans of CUSO (Accounts 854A through T)
Report total loans outstanding for each applicable wholly owned CUSO.

G. Total Delinquency of CUSO (Accounts 849A through T)
Report total delinquent loan balances of each applicable wholly owned CUSO.

H. Does this CUSO have any subsidiary CUSOs? (Y/N) (Accounts 855A through T)
Indicate if each applicable wholly owned CUSO has a subsidiary CUSO(s).
