System Review Report

May 7, 2010

William DeSarno
Inspector General
National Credit Union Administration
1775 Duke Street
Alexandria, VA 22314-3428

Dear Mr. DeSarno,

We have reviewed the system of quality control for the audit organization of the National Credit Union Administration (NCUA), Office of Inspector General (OIG) in effect for the period ended October 30, 2009. A system of quality control encompasses NCUA OIG's organizational structure and the policies adopted and procedures established to provide it with reasonable assurance of conforming with *Government Auditing Standards*. The elements of quality control are described in the *Government Auditing Standards*. NCUA OIG is responsible for designing a system of quality control and complying with it to provide NCUA OIG with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and NCUA OIG's compliance therewith based on our review.

Our review was conducted in accordance with *Government Auditing Standards* and guidelines established by the Council of the Inspectors General on Integrity and Efficiency (CIGIE). During our review, we interviewed NCUA OIG personnel and obtained an understanding of the nature of the NCUA OIG audit organization, and the design of the NCUA OIG's system of quality control sufficient to assess the risks implicit in its audit function. Based on our assessments, we selected engagements and administrative files to test for conformity with professional standards and compliance with NCUA OIG's system of quality control. The engagements selected represented a reasonable cross-section of the NCUA OIG's audit organization, with emphasis on higher-risk engagements. Prior to concluding the review, we reassessed the adequacy of the scope of the peer review procedures and met with NCUA OIG's management to discuss the results of our review. We believe that the procedures we performed provide a reasonable basis for our opinion.

In performing our review, we obtained an understanding of the system of quality control for NCUA OIG's audit organization. In addition, we tested compliance with NCUA OIG's quality control policies and procedures to the extent we considered appropriate. These tests covered the application of NCUA OIG's policies and procedures on selected engagements. Our review was based on selected tests;

therefore, it would not necessarily detect all weaknesses in the system of quality control or all instances of noncompliance with it.

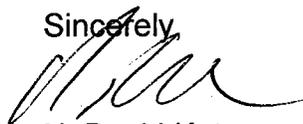

There are inherent limitations in the effectiveness of any system of quality control, and therefore noncompliance with the system of quality control may occur and not be detected. Projection of any evaluation of a system of quality control to future periods is subject to the risk that the system of quality control may become inadequate because of changes in conditions, or because the degree of compliance with the policies or procedures may deteriorate.

Enclosure 1 to this report identifies the audit engagements that we reviewed.

In our opinion, the system of quality control for the audit organization of NCUA OIG in effect for the period ended October 30, 2009 has been suitably designed and complied with to provide NCUA OIG with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Federal audit organizations can receive a rating of *pass*; *pass with deficiencies*, or *fail*. The NCUA OIG has received a peer review rating of *pass*. As is customary, we issued a letter dated May 7, 2010, that sets forth findings that were not considered to be of sufficient significance to affect our opinion expressed in this report.

In addition to reviewing its system of quality control to ensure adherence with *Government Auditing Standards*, we applied certain limited procedures in accordance with guidance established by the CIGIE related to NCUA OIG's monitoring of engagements performed by Independent Public Accountants (IPA) under contract where the IPA served as the principal auditor. It should be noted that monitoring of engagements performed by IPAs is not an audit and therefore is not subject to the requirements of *Government Auditing Standards*. The purpose of our limited procedures was to determine whether NCUA OIG had controls to ensure IPAs performed contracted work in accordance with professional standards. However, our objective was not to express an opinion and accordingly, we do not express an opinion, on NCUA OIG's monitoring of work performed by IPAs.

Sincerely,

H. David Kotz
Inspector General

SCOPE AND METHODOLOGY

We tested compliance with the NCUA OIG audit organization's system of quality control to the extent we considered appropriate. These tests included a review of 1 of 2 audit reports issued during the period April 1, 2008, through October 30, 2009. We also reviewed the internal quality control review performed by NCUA OIG.

In addition, we reviewed the NCUA OIG's monitoring of an engagement performed by an IPA, where the IPA served as the principal auditor. NCUA OIG contracted for the audit of its agency's Fiscal Year 2008 Financial Statements. Due to problems related to a major accounting issue that has not been resolved, the financial statement audit has not been completed and a final report has not been issued. We reviewed this audit to determine whether it was adequately monitored.
